

## **Information from Sped Forms**

- The CLP is turned on by default and listed under the IEP
- The CLP is part of the IEP so you will need to click on the Amend button in the IEP and add the date and complete the amendment page. Make sure you finalize the IEP you're amending before writing the CLP & Amendment.
- The following items will autofill from the working IEP and are not editable. However if changes are needed, check the box and describe changes in the text box provided.
  - Goals/Objectives
  - How will progress towards meeting the annual goal be measured
  - Measurable Postsecondary Goals
- These fields will need to be filled by the case manager
  - Special education and related services
  - Service delivery method
  - Child-specific paraprofessional support information
  - Least restrictive environment (LRE) explanation
  - Links to the student's IEP are available at the top of the CLP pages so the case manager can easily see what is written in the IEP. The Links include: IEP Transition 1 & 2; IEP Services; and IEP Modifications
  - The CLP will finalize when the Amendment IEP is finalized
  - There are dropdowns available in the PWN that will address the CLP
  - There are dropdowns available in the program modifications and supports list that address wearing mask/face shield (scroll to the bottom of the dropdown)
