

BEMIDJI REGIONAL INTERDISTRICT COUNCIL

2019 / 2020

Observations

Review of best practice for Systematic Observations for categorical evaluations (power point)
Observation Templates

*Go to the BRIC Website at www.bric.k12.com > Resources & Services > Evaluation Resources
by Areas of Disability

ASD Consultants

Reminder to all teachers & administrators: When Students have a primary disability of Autism, you must contact and use the ASD specialist for your school when you have behavior concerns. Not all behaviors go through Brent Colligan. Your ASD people are the “go-to” people for our kids with Autism. They can assist you with BIPS and FBAs if needed. Only when our ASD staff have exhausted their resources and they are requesting Brent’s involvement for an ASD student, will he get involved.

School Psych’s

School Psych’s need to be involved in all initial evaluation summary meetings to ensure criteria is met.

Inactive Students

Inactivating students once they move

- *Send electronic file once requested
- *Exit Code in SPED Forms
- *PWN to document what happened

Monitoring Update

We are still working on getting files corrected prior to our November 15th MDE due date. Any corrections that aren’t able to be completed prior to Nov. 15 need to be done in our two month correction window. Anything that is not corrected by January 15th will be cited and put in a corrective action plan.
